A Message From Our Founder

Dear Friends,

Our vision at World Mission University is to equip men and women who have been called by God for an effective ministry in the world. To help achieve this vision we have a dedicated and deeply committed faculty and a highly-qualified staff who have given their lives to serve the Lord through this institution.

Our purpose at World Mission University is three-fold: missionary training, pastoral training, and lay leadership training. To fulfill this purpose, World Mission University offers an excellent program at the college and professional levels for the development of intellectual and moral strength, and the instilling of spiritual power just as the Lord provided His disciples. We are here to serve you in achieving your academic and spiritual goals.

World Mission University seeks to build not only committed servants who will serve in the Church, but also highly-qualified leaders who will transform the society in which they have been called to serve. The foundation upon which our mission is built is the Bible, God’s inspired Word. The scripture declares that Christ said to His disciples, “The harvest is plentiful, but the laborers are few, pray therefore the Lord of the harvest to send out laborers into His harvest” (Matthew 9:37, 38).

If God is leading you to World Mission University, we are pleased to welcome you to our family. We will do our best to enable you to become what God has called you to be.

May the Lord guide you as you plan your future for His Kingdom.

Your servant,

Dong Sun Lim, Ph.D.
A Message from the President

Dear Friends,

I am delighted that you are considering studying at World Mission University. Our desire is to train men and women who will impact the world for Christ. Whether as full time pastors, missionaries or as lay leaders, I believe that God has a clear purpose for each one of us. I am excited that you have decided to answer God’s call for ministry.

Every day, our Christian values and beliefs are being challenged and threatened. There is a distinct need for godly, spirit-filled servant leaders to combat these threats and lead men and women through these challenges.

We stand committed to develop godly, spirit-filled servant leaders to be the leading men and women of God to expand His kingdom.

If God leads you to WMU, I am confident the faculty, staff and administrators will assist you to grow academically, personally and spiritually to become a godly, spirit-filled servant leader. May God bless you as you seek His guidance.

The WMU library is equipped with computer stations with internet access, spacious study tables for study groups, as well as more secluded study areas. The collection consists of over 56,000 volumes to support the curriculum. The electronic library catalog makes the resources of the library available for both local and distance students.

The library is a member of The Southern California Theological Library Association (SCATLA) which provides WMU students access to over one million theological volumes.

Denominational Recognition

World Evangelical Mission Alliance (WEMA) recognizes World Mission University as a major source for training prospective missionaries, ministers, professionals, and church leaders.

A Brief History

On September 28, 1988, the Oriental Mission Church implemented a special committee to pray about the need for a new seminary for training missionaries, pastors, and lay leaders. When the meeting adjourned, the seed that would become World Mission Theological Seminary had been planted. In March 1989, World Mission Theological Seminary started with thirty-two students and Rev. Dong Sun Lim was appointed as the first President.

World Mission Theological Seminary was authorized to issue the Master of Divinity and Master of Arts degrees in 1991, and the Bachelor of Arts degree in 1992 by the California Department
of Education. In 1993, the name of the institution was changed from World Mission Theological Seminary to World Mission University to reflect the school’s broader offering of programs.

In August 2003, the institution moved to a new location in Koreatown, a center of downtown Los Angeles. In 2004, World Mission University achieved Candidate Status with the Association for Biblical Higher Education. Today, World Mission University is accredited by both the Association of Biblical Higher Education and the Transnational Association of Christian Colleges and Schools. World Mission University also has Candidacy Status with the Association of Theological Schools. All three accrediting agencies are members of the Council for Higher Education Accreditation and recognized by the United States Department of Education.

**Statement of Faith**

WMU subscribes to the historic creeds of the Church including The Apostle’s Creed and stands firmly in the confessional tradition of Protestant Evangelicalism.

1. We believe the Bible is the inspired Word of God and the only standard for faith, life, and academic discipline. (2 Peter 1:21; Isaiah 1:20; 2 Thessalonians 2:15; 2 John 9; 1 Timothy 6:20; 2 Timothy 1:14)

2. We believe in the Holy Triune God, existing eternally in three persons, the Father, the Son, and the Holy Spirit (Matthew 28:19; John 10:30; 14:9; 1 John 5:7; 2 Peter 1:2; 2 Corinthians 13:14)

3. We believe in the creation of the universe as presented in Scripture and in the reality of heaven and hell and the literal existence of the devil (Hebrews 1:10; 11:3; Revelation 3:14; Romans 4:17; John 1:3; 1 Corinthians 8:6; 2 Peter 2:4; Jude 6; Acts 5:3; Luke 22:3; Matthew 13:24-30; 1 Corinthians 7:5; 2 Timothy 2:26)

4. We believe God created humankind in His image and likeness, but by the disobedience of Adam, all humankind was alienated from God and lost (Hosea 9:15; Jeremiah 12:8; Psalms 5:5; 11:5; Romans 1:18; John 3:36)

5. We believe that Jesus of Nazareth is the Messiah, the Son of God, born of the Virgin Mary, who died on the cross, was physically resurrected from the dead, ascended into heaven, and will one day return in His glory to reign upon the earth (Mark 1:1; Matthew 1:25; Luke 1:26-28; Matthew 27:35; 1 Peter 1:3; Matthew 24:30, 64; Mark 13:26; Luke 21:27; John 14:3; 1 Thessalonians 4:15-16)

6. We believe in the gospel of salvation through the cross for those that put their faith in Jesus will be saved (John 1:12; 3:16; Ephesians 2:8-9; Acts 10:43)

7. We believe that the Church is the body of Christ and that the people of God are called to mission, education, and service (Matthew 28:19-20; Luke 4:18-19; Acts 1:8; Ephesians 4:12; 1 Corinthians 9:14, 16)

**Spiritual Requirements**

All applicants to WMU must be born-again Christians whose lives demonstrate excellent Christ-like character and attitude. Students wishing to enroll at WMU must have a compassionate heart to serve as Christ served and actively engage in the pursuit of spiritual disciplines.

**Non-discriminatory Policy**

WMU seeks a diverse student body. Everyone has equal opportunity and access to WMU’s educational programs and activities. The school does not discriminate on the basis of race, color, age, sex, physical condition, or national origin. Non-discriminatory policies apply to the admissions policy, educational programs, employment, and all other activities that WMU provides.

**Academic Policies**

The school operates on a traditional semester calendar. There are two semesters in the academic year that occur from August to May. The Fall Semester usually starts the last week of August and ends in December. The Spring Semester usually starts the last week of January and ends in May. During the academic year each semester is 16 weeks in length. The Summer and Winter sessions are divided into several two-week intensive courses.

The majority of courses are equivalent to three (rewrite) semester hours of credit and thus requires a minimum of 37 1/2 contact hours. Each credit represents one fifty-minute period of class instruction for each of the fifteen weeks plus approximately two-to-three hours of out-of-class involvement.

Students must be enrolled for a minimum of 12 semester credits in order to be classified as full-time students. Special permission must be granted to enroll in more than 18 credits per semester for all students. Such permission must be approved in writing from the Chief Academic Officer before registration. Students can obtain the form in the main office.
Grading

World Mission University utilizes letter grades. Grades are reported to students in writing from the Registrar’s Office. Grades are designated as follows:

* A grade of “I” can be raised to a grade of “B+” by the end of the next semester when all course requirements have been satisfied.

** A grade of “CR” will not be included in the computation of grade point averages.

*** A grade of “F” can be raised a maximum grade of “B+” after retaking the course.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student’s grade-point average (G.P.A) replacing the previous failing grade. The credits are counted only once. All grades become a permanent part of the student’s academic history. Student must pay the current tuition to retake the course.

Auditing

An application to audit must be submitted and tuition must be paid before auditing. Credit is not given for audited courses. There are no scholarships available for auditing students. The fee for auditing a course is 50% of the regular tuition. For WMU alumni the audit fee is $50 per course.

Class Attendance

Regular classroom attendance is crucial, and students are expected to attend all classes. Absences exceeding 1/3 of the total scheduled class periods will result in an automatic failing grade. The student who has been absent due to illness or family crisis must explain the absence directly to the professor.

Registration

To begin study, all students must submit registration forms each semester which have been approved by the students’ academic advisor. Student information, the title and number of the course, academic advisors signature and students’ signature regarding the financial policy are required.

Full/Part Time Status

Students who register for 12 or more semester credits are considered full time students.

Time Limits for Completion of Degree

All courses and examination requirements must be completed within two years. An extension may be granted for special circumstances.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's
Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.

2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.

3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar’s office. Courses must be officially dropped or a grade of “F” will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Chief Academic Officer. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Non-degree program students are to follow the same guidelines as undergraduate students as stated below.
Full-Time Undergraduate Students:
Satisfactory academic progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum satisfactory academic progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

Academic Standing

At the end of each semester, a student’s progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting completion requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
   a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
   b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
   c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

Application Deadlines

The deadline to apply for the Fall semester is the middle of August, and for the Spring semester it is middle of January. For exact dates please see the academic calendar on the school’s website. International students must apply earlier in order to
process visas and make the necessary arrangements to enroll.

**Admissions Procedure**

Once the student submits the application and the supporting documents, the Admissions Office reviews the documents and confirms the completion of each applicant’s file. The application and records are submitted to the admissions committee for evaluation based on the following criteria:

- A sense of calling from God for Christian ministry;
- Born-again experience and baptism with water;
- Active participation in a church community;
- Evaluation of prior academic performance and the ability to successfully complete the academic program;
- Recommendations; and
- Music students must submit audition CD or DVD

Applicants will be officially notified by mail, and admitted students will receive new student orientation information.

**Personal Interview**

Each new student will have an opportunity of a personal interview with the president of WMU during the new student orientation. For the student this is an opportunity to meet the president of the school and be encouraged and prayed over as the student embarks on postsecondary education.

**Language and Bible Knowledge Test**

Since WMU uses Korean as its primary language of instruction, it does not require English proficiency tests such as the TOEFL for admissions.

All new students will be required to take a comprehensive Bible exam.

**Health Insurance**

Every student must have health insurance in order to register for classes. All students enrolled at WMU must maintain health insurance.

All international students are required to have proof of insurance and medical examination, regardless of the number of units or degree status. International students are required to insure all of their dependents accompanying them to the United States.

**Admissions Categories**

**Full Acceptance:** A student who has met all the requirements and is fully accepted as a student at WMU.

**Provisional Acceptance:** A student who is not able to complete the admission file before the deadline may be accepted with full benefits of the school for one semester. This restricted status allows the student the opportunity to complete the admission file. If the student fails to move to the full acceptance status within one semester, he or she will be dismissed.

**Probationary Acceptance:** A student who does not meet the normal academic standards, but provides a strong indication for academic success may be accepted on probationary status. The student is granted one year to achieve the academic level necessary to move to full acceptance.

**Visiting Student:** A visiting student is one concurrently enrolled at another school who desires to take courses at WMU for transfer back to their primary school of enrollment.

**Ability to Benefit**

Given the fact that some students may not have obtained the appropriate degree qualifications for admissions to a program, WMU may consider them for admission on an individual basis. In such cases, students who do not have a high school diploma or GED can be admitted if they have satisfactorily completed 6 credit hours at the postsecondary level. The six credits must be taken at WMU and will not count towards the degree program.

Those who are admitted under the conditions of the Ability-to-Benefit will work closely with their academic advisor to ensure they are making satisfactory academic progress.
**UPDATE:** Ability to Benefit students who attended prior to July 1, 2012 will continue to be eligible for Title IV aid. For students who were first time attendees after July 1, 2012 will be ineligible to receive Title IV aid.

**International Students and Visas**

WMU is authorized by the U.S. Government to issue the I-20 form for visas from foreign countries. Once the applicant is accepted, WMU will send various documents including the I-20 form. International students must enroll as full time students, which mean an undergraduate student must take at least 12 credits. International students should direct their questions to the International Student Office.

**Spiritual Requirements**

All applicants to WMU must be born-again Christians whose lives demonstrate excellent Christ-like character and attitude. Students wishing to enroll at WMU must have a compassionate heart to serve as Christ served and actively engage in the pursuit of spiritual disciplines.

**Non-discriminatory Policy**

WMU seeks a diverse student body. Everyone has equal opportunity and access to WMU’s educational programs and activities. The school does not discriminate on the basis of race, color, age, sex, physical condition, or national origin. Non-discriminatory policies apply to the admissions policy, educational programs, employment, and all other activities that WMU provides.

**Transfer of Credits**

World Mission University accepts transfer credits from accredited institutions. Accredited means that the school is listed as accredited in the current issue of Accredited Institutions of Postsecondary Education published by the Council on Higher Education Accreditation or approved by the Ministry of Education for the Republic of Korea. If a degree student desires to transfer credit from another postsecondary school to WMU, an official transcript stating the courses and grades must be submitted to the Director of Admissions prior to acceptance.

**Transfer Policy from Accredited Schools:**

- Bachelor of Arts in Biblical Studies and Bachelor of Arts in Christian Counseling students can receive a maximum of 84 credits.
- Bachelor of Arts in Music students can receive a maximum of 90 credits.

The transcripts from foreign educational institutions must be confirmed by an official seal. WMU may ask schools in foreign countries to be evaluated through the American Council for Education.

Only courses receiving a C- or higher are considered for transfer. Students need to submit requests for transfer consideration prior to enrollment.

**Transfer Policy from Unaccredited Schools:**

The transfer of credit from non-accredited institutions is individually evaluated and determined. Courses are evaluated on an individual basis. If credit is granted, the basic transfer policy for work done at unaccredited American schools or schools in Korea that have not achieved recognition by the Ministry of Education is as follows:

- 1/3 of a credit **may** be granted for each credit earned at an unaccredited American school that has achieved state approval
- 1/3 of a credit **may** be granted for each credit earned at an unaccredited American school that has not achieved state approval with a limit of 20 credits accepted for 60 or more credits work.
- 1/3 of a credit **may** be granted for each credit earned at a Korean school that has not achieved recognition by the Ministry of Education.

It is the responsibility of the student desiring the transfer of credit from a non-accredited institution to provide WMU with academic catalogs of the
attended institutions and syllabi of each course to be considered for transfer.

**Academic Policies**

The school operates on a traditional semester calendar. There are two semesters in the academic year that occur from August to May. The Fall Semester usually starts the last week of August and ends in December. The Spring Semester usually starts the last week of January and ends in May. During the academic year each semester is 16 weeks in length. The Summer and Winter sessions are divided into several two-week intensive courses.

The majority of courses are equivalent to three semester hours of credit and thus requires a minimum of 37 1/2 contact hours. Each credit represents one fifty-minute period of class instruction for each of the fifteen weeks plus approximately two-to-three hours of out-of-class involvement. For field education, 30 hours of ministry involvement is required for one unit.

Undergraduate students must be enrolled for a minimum of 12 semester credits in order to be classified as full-time students. Special permission must be granted to enroll in more than 18 credits per semester for undergraduate students. Such permission must be approved in writing from the Chief Academic Officer before registration. Students can obtain the form in the main office.

**Grading**

World Mission University utilizes letter grades. Grades are reported to students in writing from the Registrar’s Office. Grades are designated as follows:

<table>

* A grade of “I” can be raised to a grade of “B+” by the end of the next semester when all course requirements have been satisfied.
** A grade of “CR” will not be included in the computation of grade point averages.
*** A grade of “F” can be raised a maximum grade of “B+” after retaking the course.

**Repeated Courses**

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student’s grade-point average (G.P.A) replacing the previous failing grade. The credits are counted only once. All grades become a permanent part of the student’s academic history. Student must pay the current tuition to retake the course.

**Incomplete policy**

Sometimes a student discovers that they are unable to finish their requirements for a course or courses during a semester. Sometimes, life presents us with problems that we have no way of foreseeing or planning for. In these situations, a student may need extra time to complete their course requirements. If a student needs extra time to complete their course work, WMU has devised a way to help individual students work through these problems.

Please be sure to follow the procedures correctly:

First, students need to obtain permission for an incomplete from the Dean of Academic Affairs. Then, students must obtain approval from the instructor. Students should not assume that he/she will be given an incomplete for a course just because he/she choose not to complete the assignments, tests or quizzes. Instructors will
assign grades based on submitted work if students have not been granted an official incomplete from the Dean of Academic Affairs office. Students who have been given an incomplete will not receive credit for the course before work is completed.

Auditing

Regularly matriculated students as well as those not enrolled in the school may audit a course upon the written permission of the Dean of Academic Affairs. An application to audit must be submitted and tuition must be paid before auditing. Credit is not given for audited courses. There are no scholarships available for auditing students. The fee for auditing a course is 50% of the regular tuition. For WMU alumni the audit fee is $50 per course.

Class Attendance

Regular classroom attendance is crucial, and students are expected to attend all classes. Absences exceeding 1/3 of the total scheduled class periods will result in an automatic failing grade. The student who has been absent due to illness or family crisis must explain the absence directly to the professor.

Registration

To begin study, all students must submit registration forms each semester which have been approved by the students’ academic advisor. Student information, the title and number of the course, academic advisors signature and students’ signature regarding the financial policy are required.

Full/Part Time Status

Undergraduate students who register for 12 or more semester credits are considered full time students. However, in order to graduate on-time, undergraduate students should register for at least 15 credits each semester. Any student whose GPA in a previous semester is 3.5 or above can register for up to 21 semester credits with the Chief Academic Officer’s approval.

Time Limits for Completion of Degree

All courses and examination requirements must be completed within six years beginning from the date of the student’s first registration at World Mission University. An extension may be granted for special circumstances.

Requirements for Graduation

In addition to the regulations outlined under the sections dealing with degree requirements in this catalog, a grade point average of 2.0 or above is required for graduation with the bachelor’s degree. Students must fulfill all financial obligations to WMU and file a petition to graduate before the middle of February to be eligible to receive a degree in June.

Thesis

B.A. students may write a senior thesis as an elective and can earn 3 credits. Students need to follow three steps for the approval of the thesis: 1) the approval of the subject by the advisor, 2) the approval of the outline and prospectus by the advisor, and 3) the approval of the first draft and following drafts by the Thesis Committee. Two readers will be assigned to read each thesis for evaluation.

Application for Graduation

Students must file their applications and pay their graduation fee at the time of enrollment for their last semester of study. All financial accounts and documents, files, etc., are to be in satisfactory order before a student is permitted to graduate. Students are expected to be present for graduation. Graduation in absentia will be permitted only by special approval of the Chief Academic Officer in response to a written request that cites acceptable reasons.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community,
the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.

2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.

3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Double Degrees

Students wanting to be awarded with a double degree must submit an academic petition. The student can obtain the petition form from the main office and submit it to the Chief Academic Officer. After reviewing the petition, the Chief Academic Officer will notify the student in writing regarding his/her request.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar’s office. Courses must be officially dropped or a grade of “F” will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Chief Academic Officer. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.
Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Full-Time Undergraduate Students:
Satisfactory academic progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum satisfactory academic progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

For example, in a program requiring 126 credits progressing at 12 credits, a student would have 11 semesters (approximately 5 years) to complete the program. When a student takes 12 credits each semester, he/she is considered full time, however, in order to complete the program within the “normal” time frame, a student must take approximately 15 credits each semester.

Academic Standing

At the end of each semester, a student’s progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Warning

Undergraduate students receive an academic warning when the semester GPA is lower than 2.0 but the cumulative WMU GPA is 2.0 or higher. This notation is not recorded on the student’s academic transcript.

Academic Probation

To remain in acceptable academic standing, an undergraduate student must maintain a cumulative GPA of 2.0 in their course work taken at World Mission University. The school will notify the student in writing, when their cumulative GPA is below 2.0 and place the student on academic probation for two semesters. Academic probation will be recorded on the student’s permanent academic record.

Students on academic probation are limited to a course load of 12 credits or fewer.

A student failing to attain the minimum GPA during the probationary period may be dismissed. If the student remains on probation for two consecutive semesters the student may be dismissed from WMU.

Incoming students may be admitted on academic probation for several reasons:

1. The student’s High School or undergraduate GPA was below the admission standard.
2. The student’s baccalaureate degree was granted from a non-accredited institution. In such cases, the probationary status may be removed after the completion of 12 credit hours of satisfactory work as compared to the required GPA for acceptable academic standing.

Probation Removed

If the student raises their cumulative GPA above the minimum requirement during the probation period, he/she will be removed from probation and it will be recorded on student’s academic record.

Appeals

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.
Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
   a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
   b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
   c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.

2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.

3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain academic eligibility.

If an F-1 student fails to maintain satisfactory academic progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 2.0 for undergraduate, the student will be dismissed from the university and their I-20 will be terminated.

Financial Aid Students

One of the requirements of eligibilities for federal financial aid is a student must maintain Satisfactory Academic Progress (SAP) and be in good academic standing. At the end of each semester WMU will measure the student’s SAP and academic standing in the following ways:

1. Cumulative GPA
   All students who have attempted more than 16 credits must maintain a cumulative GPA of 2.0 or higher.

   GPA’s are reviewed at the end of each semester.

   Student’s who fail to maintain the minimum GPA will be given one semester of probation for Financial Aid in which they must earn the above GPA for that semester or they will be suspended from the Federal Aid programs and not eligible for aid the following semester.

2. Class Completion Rate
   The number of credits a student has successfully completed at WMU is calculated each semester.

   Full-time undergraduates must complete 21 credits per year in order to graduate on-time.

The student has a maximum time limit to complete his/her degree or program at WMU. The following chart illustrates the maximum time limits for each of the degrees offered.

<table>
<thead>
<tr>
<th>Degree Program</th>
<th>Maximum Time Limit</th>

Consequences of Failing

Failing to maintain SAP can adversely affect a student’s eligibility for current and future financial aid. The student will not be eligible to receive WMU scholarships, Pell or Campus Based funds until he/she regains eligibility or a petition is approved on his/her behalf. Even if a student’s petition receives approval, he/she may not be eligible to receive funds from past semesters.

Financial Aid SAP Petition Policy

WMU acknowledges that there are certain circumstances that may limit a student completing his/her courses or maintaining SAP. Students can request a petition for a SAP waiver if they meet one of the following criteria:

- Death in the family;
- Illness or medical emergency; and
- Other performance factors beyond a student’s control.

To petition, a student must submit the following documentation:

- A letter explaining the exceptional circumstances that affected the student’s ability to meet the Financial Aid SAP requirements.
- A resolution or plan of action explaining how the student will assure future academic success.
- A statement from the student’s academic advisor confirming his/her ability to meet the SAP requirements.
- Documentation of illness or medical condition. The student must provide a letter from his/her attending physician confirming that his/her condition will no longer hinder the student’s ability to succeed academically. The letter must include the dates the condition occurred. The dates must coincide with the period in which the student failed to meet Financial Aid SAP requirements.

The Academic Committee will make a decision and notify the student in writing of a decision within 30 days of submission. Decisions of The Academic Committee are final.
Bachelor of Arts Learning Outcomes

Upon completion of the degree, students will be able to:

- Demonstrate the knowledge, abilities, and skills necessary to speak and write effectively for a variety of audience,
- Observe and then analyze relevant information in order to evaluate and construct arguments and draw conclusions,
- Recognize when information is needed and to locate, evaluate, and use information ethically,

Field Education

World Mission University is committed to equipping students to become full-time ministers or lay leaders in Christian ministry. In order to serve God more effectively, all students at World Mission University are required to participate in ministry outside of the classroom experience.

The philosophy of World Mission University’s field education program is:

We believe it is impossible to be equipped for ministry by merely studying in a classroom. Such competencies as learning to understand and relate to people, learning to depend on more than one’s own abilities in ministry and developing a passion for ministry and missions require that students learn by doing. Perhaps that is the reason Jesus required service of his own disciples. We also believe that it is important for students to find their strengths, weaknesses, talents, and gifts by actually being involved in ministry. This self-knowledge can help students discover their niche in the Kingdom as
well as plan how to improve in necessary areas. We believe that it is important for our students, who have been blessed with an opportunity to study, to meet human needs and to contribute to the Kingdom of God and its expansion.

**Student Ministry**

Baccalaureate students are required to complete six semesters of student ministry. Students will earn half a credit for each semester.

Student ministry courses are graded pass/fail. Student Ministry “PT111-116” must be taken beginning with the first semester of enrollment at WMU and must be taken consecutively. For transfer students, the number of semesters he/she must register for student ministry depends on the number of credits the student transferred and has remaining to complete their degree program. A general rule for transfer students is for every 21 credits remaining the student must register and successfully complete one student ministry course.

When the student decides on the area of student ministry (i.e., type of ministry) he/she will sign up for, the student needs the approval of the faculty advisor and must submit the Student Ministry Registration Form at the time of registration or to the Dean of Students at the student chapel that is scheduled for Tuesday and Thursday of the second week of each semester or at the time of registration for courses.

At the end of the semester in order to pass the student ministry course, the following forms are to be submitted to the Dean of Students: The Ministry Supervisor Evaluation Form and the Student Self-evaluation Form. **Field Education**

World Mission University is committed to equipping students to become full-time ministers or lay leaders in Christian ministry. In order to serve God more effectively, all students at World Mission University are required to participate in ministry outside of the classroom experience.

The philosophy of World Mission University’s field education program is:

We believe it is impossible to be equipped for ministry by merely studying in a classroom. Such competencies as learning to understand and relate to people, learning to depend on more than one’s own abilities in ministry and developing a passion for ministry and missions require that students learn by doing. Perhaps that is the reason Jesus required service of his own disciples. We also believe that it is important for students to find their strengths, weaknesses, talents, and gifts by actually being involved in ministry. This self-knowledge can help students discover their niche in the Kingdom as well as plan how to improve in necessary areas. We believe that it is important for our students, who have been blessed with an opportunity to study, to meet human needs and to contribute to the Kingdom of God and its expansion.

**Student Ministry**

Baccalaureate students are required to complete six semesters of student ministry. Students will earn half a credit for each semester.

Student ministry courses are graded pass/fail. Student Ministry “PT111-116” must be taken beginning with the first semester of enrollment at WMU and must be taken consecutively. Students register for the course during registration and must also submit the Student Ministry Registration Form. Students who need less than six semesters to graduate (transfer students) will not be required to complete six semesters of student ministry, but will be required to take a student ministry course every semester they study at WMU.

For transfer students, the number of semesters he/she must register for student ministry depends on the number of credits the student transferred and has remaining to complete their degree program. A
general rule for transfer students is for every 21 credits remaining the student must register and successfully complete one student ministry course. When the student decides on the area of student ministry (i.e., type of ministry) he/she will sign up for, the student needs the approval of the faculty advisor and must submit the Student Ministry Registration Form at the time of registration or to the Dean of Students at the student chapel that is scheduled for Tuesday and Thursday of the second week of each semester or at the time of registration for courses. At the end of the semester in order to pass the student ministry course, the following forms are to be submitted to the Dean of Students: The Ministry Supervisor Evaluation Form and the Student Self-evaluation Form. If a student fails to submit these forms, they cannot pass and must retake the student ministry course.

**Student Chapel**

Baccalaureate students are required to register and complete six semesters of student chapel. Students will earn half a credit for each semester.

Student chapel are graded pass/fail. Student Chapel “PT211-216” must be taken beginning with the first semester of enrollment at WMU and must be taken consecutively. Students register for the course during registration.

In order to pass the student chapel, students must attend a minimum of 10 times, one chapel a week. Chapel occurs every Tuesday and Thursday. Students who are not able to attend chapel on campus may sign up for online chapel.

Students must ensure that they register for online chapel. Students who register for online chapel must follow the regulations of the online chapel. Students who have a campus course before or after Tuesday or Thursday chapel must register for campus chapel. No exceptions will be made.

The programs are designed to integrate knowledge of biblical and theological disciplines with practical skills to help broaden the student’s Christian worldview.

Graduate studies are fundamentally different than undergraduate studies. Graduate students are expected to take significant responsibility in determining what to learn and how to learn it. Instead of submitting course work to professors, graduate students will often submit or orally present work to their peers for comments, reflection, and ideas for improvement. Sometimes this involves team projects. A research paper at the bachelor’s level may primarily require that a student report what authors have said. Graduate students will be required to evaluate an author’s work, or suggest applications to their ministries. In short, graduate students are responsible to take initiative – they are partners with their professors in their own equipping.

Application Deadlines

The deadline to apply for the Fall semester is the middle of August, and for the Spring semester it is middle of January. For exact dates please see the academic calendar on the school’s website. International students must apply earlier in order to process visas and make the necessary arrangements to enroll.

Admissions Procedure

Once the student submits the application and the supporting documents, the Admissions Office reviews the documents and confirms the completion of each applicant’s file. The application and records are submitted to the admissions committee for evaluation based on the following criteria:

- A sense of calling from God for Christian ministry;
- Born-again experience and baptism with water;
- Active participation in a church community;
- Evaluation of prior academic performance and the ability to successfully complete the academic program;
- Recommendations; and
- Music students must submit audition CD or DVD

Applicants will be officially notified by mail, and admitted students will receive new student orientation information.

Personal Interview

Each new student will have an opportunity of a personal interview with the president of WMU during the orientation. For the student this is an opportunity to meet the president of the school and be encouraged and prayed over as the student embarks on postsecondary education.

Language and Bible Knowledge Test

Since WMU uses Korean as its primary language of instruction, it does not require English proficiency tests such as the TOEFL for admissions.

All new students will be required to take a comprehensive Bible exam.
**Health Insurance**

Every student must have health insurance in order to register for classes. All students enrolled at WMU must maintain health insurance.

All international students are required to have proof of insurance and medical examination, regardless of the number of units or degree status. International students are required to insure all of their dependents accompanying them to the United States.

**Admissions Categories**

Full Acceptance: A student who has met all the requirements and is fully accepted as a student at WMU.

Provisional Acceptance: A student who is not able to complete the admission file before the deadline may be accepted with full benefits of the school for one semester. This restricted status allows the student the opportunity to complete the admission file. If the student fails to move to the full acceptance status within one semester, he or she will be dismissed.

Probationary Acceptance: A student who does not meet the normal academic standards, but provides a strong indication for academic success may be accepted on probationary status. The student is granted one year to achieve the academic level necessary to move to full acceptance.

Visiting Student: A visiting student is one concurrently enrolled at another school who desires to take courses at WMU for transfer back to their primary school of enrollment.

**Ability to Benefit**

Given the fact that some students may not have obtained the appropriate degree qualifications for admissions to a program, WMU may consider them for admission on an individual basis.

Those who are admitted under the conditions of the Ability-to-Benefit will work closely with their academic advisor to ensure they are making satisfactory academic progress.

**UPDATE:** Ability to Benefit students who attended prior to July 1, 2012 will continue to be eligible for Title IV aid. For students who were first time attendees after July 1, 2012 will be ineligible to receive Title IV aid.

**International Students and Visas**

WMU is authorized by the U.S. Government to issue the I-20 form for visas from foreign countries. Once the applicant is accepted, WMU will send various documents including the I-20 form. International students must enroll as full time students, which mean a graduate student must take 9 or more credits per semester. International students should direct their questions to the International Student Office.

**Spiritual Requirements**

All applicants to WMU must be born-again Christians whose lives demonstrate excellent Christ-like character and attitude. Students wishing to enroll at WMU must have a compassionate heart to serve as Christ served and actively engage in the pursuit of spiritual disciplines.

**Non-discriminatory Policy**

WMU seeks a diverse student body. Everyone has equal opportunity and access to WMU’s educational programs and activities. The school does not discriminate on the basis of race, color, age, sex, physical condition, or national origin. Non-discriminatory policies apply to the admissions policy, educational programs, employment, and all other activities that WMU provides.

**Transfer of Credits**

World Mission University accepts transfer credits from accredited institutions. Accredited means that the school is listed as accredited in the current issue of Accredited Institutions of Postsecondary Education published by the Council on Higher Education Accreditation or approved by the
Ministry of Education for the Republic of Korea. If a degree student desires to transfer credit from another postsecondary school to WMU, an official transcript stating the courses and grades must be submitted to the Director of Admissions prior to acceptance.

Transfer Policy from Accredited Schools:

- Master of Arts in Music students can receive a maximum of 26 credits.
- Master of Arts in Christian Counseling students can receive a maximum of 27 credits.
- Master of Arts in Theology students can receive a maximum of 32 credits.
- Master of Divinity students can receive a maximum of 48 credits.

The transcripts from foreign educational institutions must be confirmed by an official seal. WMU may ask schools in foreign countries to be evaluated through the American Council for Education.

Only courses receiving C or higher are considered for transfer. Students need to submit requests for transfer consideration prior to enrollment.

Transfer Policy from Unaccredited Schools:

The transfer of credit from non-accredited institutions is individually evaluated and determined. Courses are evaluated on an individual basis. If credit is granted, the basic transfer policy for work done at unaccredited American schools or schools in Korea that have not achieved recognition by the Ministry of Education is as follows:

- 1/3 of a credit may be granted for each credit earned at an unaccredited American school that has achieved state approval
- 1/3 of a credit may be granted for each credit earned at an unaccredited American school that has not achieved state approval with a limit of 20 credits accepted for 60 or more credits work.
- 1/3 of a credit may be granted for each credit earned at a Korean school that has not achieved recognition by the Ministry of Education.

It is the responsibility of the student desiring the transfer of credit from a non-accredited institution to provide WMU with academic catalogs of the attended institutions and syllabi of each course to be considered for transfer.

Advanced Standing

Students who graduated from the WMU undergraduate program may earn up to 15 credit hours of advanced standing towards the M.Div. degree and 9 credit hours towards the M.A. degree from the courses listed below.

Advanced standing is based on the following criteria: (1) only designated courses may be awarded; (2) the student earned a C or higher on the comparable course.

Academic Policies

The school operates on a traditional semester calendar. There are two semesters in the academic year that occur from August to May. The Fall Semester usually starts the last week of August and ends in December. The Spring Semester usually starts the last week of January and ends in May. During the academic year each semester is 16 weeks in length. The Summer and Winter sessions are divided into several two-week intensive courses.

The majority of courses are equivalent to three semester hours of credit and thus requires a minimum of 37 1/2 contact hours. Each credit represents one fifty-minute period of class instruction for each of the fifteen weeks plus approximately two-to-three hours of out-of-class involvement. For field education, 30 hours of ministry involvement is required for one unit.

Graduate students must be enrolled for a minimum of 9 semester credits in order to be classified as full-time students. Special permission must be granted to enroll in more than 15 credits per semester. Such permission must be approved in writing from the
Chief Academic Officer before registration. Students can obtain the form in the main office.

Grading

World Mission University utilizes letter grades. Grades are reported to students in writing from the Registrar’s Office. Grades are designated as follows:

<table>

* A grade of “I” can be raised to a grade of “B+” by the end of the next semester when all course requirements have been satisfied.
** A grade of “CR” will not be included in the computation of grade point averages.
*** A grade of “F” can be raised a maximum grade of “B+” after retaking the course.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student’s grade-point average (G.P.A) replacing the previous failing grade. The credits are counted only once. All grades become a permanent part of the student’s academic history. Student must pay the current tuition to retake the course.

Incomplete policy

Sometimes a student discovers that they are unable to finish their requirements for a course or courses during a semester. Sometimes, life presents us with problems that we have no way of foreseeing or planning for. In these situations, a student may need extra time to complete their course requirements. If a student needs extra time to complete their course work, WMU has devised a way to help individual students work through these problems.

Please be sure to follow the procedures correctly:

First, students need to obtain permission for an incomplete from the Dean of Academic Affairs. Then, students must obtain approval from the instructor. Students should not assume that he/she will be given an incomplete for a course just because he/she choose not to complete the assignments, tests or quizzes. Instructors will assign grades based on submitted work if students have not been granted an official incomplete from the Dean of Academic Affairs office. Students who have been given an incomplete will not receive credit for the course before work is completed.

Auditing

Regularly matriculated students as well as those not enrolled in the school may audit a course upon the written permission of the Dean of Academic Affairs. An application to audit must be submitted and tuition must be paid before auditing. Credit is not given for audited courses. There are no scholarships available for auditing students. The fee for auditing a course is 50% of the regular tuition. For WMU alumni the audit fee is $50 per course.

Class Attendance

Regular classroom attendance is crucial, and students are expected to attend all classes. Absences exceeding 1/3 of the total scheduled class periods will result in an automatic failing grade. The student who has been absent due to illness or family crisis must explain the absence directly to the professor.
Registration

To begin study, all students must submit registration forms each semester which have been approved by the students’ academic advisor. Student information, the title and number of the course, academic advisors signature and students’ signature regarding the financial policy are required.

Full/Part Time Status

Graduate students must register for 9 or more semester credits to be considered full time students. However, in order to graduate on-time, graduate students at least 12 credits each semester. Any student whose GPA in a previous semester is 3.5 or above can register for up to 21 semester credits with the Chief Academic Officer’s approval.

Time Limits for Completion of Degree

All courses and examination requirements must be completed within four and a half years for the M.Div., and three years for the M.A. degree programs beginning from the date of the student’s first registration at World Mission University. An extension may be granted for special circumstances.

Requirements for Graduation

In addition to the regulations outlined under the sections dealing with degree requirements in this catalog, a grade point average of 2.5 or above for the master’s is required for graduation. Students must fulfill all financial obligations to WMU and file a petition to graduate before the middle of February to be eligible to receive a degree in June. A graduate thesis for all master’s degree level is required.

Thesis

All M.A. and M.Div. students must write a thesis for graduation. Students need to follow three steps for the approval of the thesis; 1) the approval of the subject by the advisor, 2) the approval of the outline and prospectus by the advisor, and 3) the approval of the first draft and following drafts by the Thesis Committee. Two readers will be assigned to read each thesis for evaluation.

Application for Graduation

Students must file their applications and pay their graduation fee at the time of enrollment for their last semester of study. All financial accounts and documents, files, etc., are to be in satisfactory order before a student is permitted to graduate. Students are expected to be present for graduation. Graduation in absentia will be permitted only by special approval of the Chief Academic Officer in response to a written request that cites acceptable reasons.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school’s Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.

2. The freedom of the Christian always involves a commensurate responsibility
toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.

3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Double Degrees

Students wanting to be awarded with a double degree must submit an academic petition. The student can obtain the petition form from the main office and submit it to the Chief Academic Officer. After reviewing the petition, the Chief Academic Officer will notify the student in writing regarding his/her request.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar’s office. Courses must be officially dropped or a grade of “F” will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Chief Academic Officer. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Full-Time Graduate Students:
Satisfactory academic progress toward a graduate degree as a full-time graduate student is obtained by completing nine or more credits per semester or 18 or more credits per academic year while maintaining a cumulative GPA of 2.5 or higher. Repeated courses which students previously passed cannot be counted toward minimum satisfactory academic progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

For example, in a program requiring 96 credits progressing at nine credits, a student would have 11 semesters (approximately 5 years) to complete the program. When a graduate student takes 9 credits each semester, he/she is considered full time,
however, in order to complete the program within the “normal” time frame, a student must take at least 12 credits each semester.

**Academic Standing**

At the end of each semester, a student’s progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

**Academic Warning**

Graduate students receive an academic warning when the semester GPA is lower than 2.5 but the cumulative WMU GPA is 2.5 or higher. This notation is not recorded on the student’s academic transcript.

**Academic Probation**

To remain in acceptable academic standing, WMU graduate students must maintain a cumulative GPA of 2.5 or higher. The school will notify the student in writing, when their cumulative GPA is below 2.5 for graduate students and place the student on academic probation for two semesters. Academic probation will be recorded on the student’s permanent academic record.

Students on academic probation are limited to a course load of 9 credits or fewer.

A student failing to attain the minimum GPA during the probationary period may be dismissed. If the student remains on probation for two consecutive semesters the student may be dismissed from WMU.

Incoming students may be admitted on academic probation for several reasons:

1. The student’s undergraduate GPA was below the admission standard.
2. The student’s baccalaureate degree was granted from a non-accredited institution. In such cases, the probationary status may be removed after the completion of 12 credit hours of satisfactory work as compared to the required GPA for acceptable academic standing.

**Probation Removed**

If the student raises their cumulative GPA above the minimum requirement during the probation period, he/she will be removed from probation and it will be recorded on student’s academic record.

**Appeals**

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.

**Academic Integrity Commitment**

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
   a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
   b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
   c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.

3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain Academic eligibility.

If an F-1 student fails to maintain satisfactory academic progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 2.5, the student will be dismissed from the university and their I-20 will be terminated.

Financial Aid Students

One of the requirements of eligibilities for federal financial aid is a student must maintain Satisfactory Academic Progress (SAP) and be in good academic standing. At the end of each semester WMU will measure the student’s SAP and academic standing in the following ways:

1. Cumulative GPA
   a. All students who have attempted more than 16 credits must maintain a cumulative GPA of 2.0 or higher.
   b. Graduate students must maintain a cumulative GPA of 2.5 or higher.
   c. GPA’s are reviewed at the end of each semester.

d. Student’s who fail to maintain the minimum GPA will be given one semester of probation for Financial Aid in which they must earn the above GPA for that semester or they will be suspended from the Federal Aid programs and not eligible for aid the following semester.

2. Class Completion Rate
   a. The number of credits a student has successfully completed at WMU is calculated each semester.
   b. Full-time undergraduates must complete 21 credits per year and full-time graduates must complete 18 credits per year in order to graduate on-time.

The student has a maximum time limit to complete his/her degree or program at WMU. The following chart illustrates the maximum time limits for each of the degrees offered.

Consequences of Failing

Failing to maintain SAP can adversely affect a student’s eligibility for current and future financial aid. The student will not be eligible to receive WMU scholarships, Pell or Campus Based funds until he/she regains eligibility or a petition is approved on his/her behalf. Even if a student’s petition receives approval, he/she may not be eligible to receive funds from past quarters.

Financial Aid SAP Petition Policy

WMU acknowledges that there are certain circumstances that may limit a student completing his/her courses or maintaining SAP. Students can
request a petition for a SAP waiver if they meet one of the following criteria:

- Death in the family;
- Illness or medical emergency; and
- Other performance factors beyond a student’s control.

To petition, a student must submit the following documentation:

- A letter explaining the exceptional circumstances that affected the student’s ability to meet the Financial Aid SAP requirements.
- A resolution or plan of action explaining how the student will assure future academic success.
- A statement from the student’s academic advisor confirming his/her ability to meet the SAP requirements.
- Documentation of illness or medical condition. The student must provide a letter from his/her attending physician confirming that his/her condition will no longer hinder the student’s ability to succeed academically. The letter must include the dates the condition occurred. The dates must coincide with the period in which the student failed to meet Financial Aid SAP requirements.

The Academic Committee will make a decision and notify the student in writing of a decision within 30 days of submission. Decisions of The Academic Committee are final.

Field Education

World Mission University is committed to equipping students to become full-time ministers or lay leaders in Christian ministry. In order to serve God more effectively, all students at World Mission University are required to participate in ministry outside of the classroom experience.

The philosophy of World Mission University’s Christian service program is:

We believe it is impossible to be equipped for ministry by merely studying in a classroom. Such competencies as learning to understand and relate to people, learning to depend on more than one’s own abilities in ministry and developing a passion for ministry and missions require that students learn by doing. Perhaps that is the reason Jesus required service of his own disciples. We also believe that it is important for students to find their strengths, weaknesses, talents, and gifts by actually being involved in ministry. This self-knowledge can help students discover their niche in the Kingdom as well as plan how to improve in necessary areas. We believe that it is important for our students, who have been blessed with an opportunity to study, to meet human needs and to contribute to the Kingdom of God and its expansion.

We believe it is impossible to be equipped for ministry by merely studying in a classroom. Such competencies as learning to understand and relate to people, learning to depend on more than one’s own abilities in ministry and developing a passion for ministry and missions require that students learn by doing. Perhaps that is the reason Jesus required service of his own disciples. We also believe that it is important for students to find their strengths, weaknesses, talents, and gifts by actually being involved in ministry. This self-knowledge can help students discover their niche in the Kingdom as well as plan how to improve in necessary areas. We believe that it is important for our students, who have been blessed with an opportunity to study, to meet human needs and to contribute to the Kingdom of God and its expansion.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes
that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school’s Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.

2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.

3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar’s office. Courses must be officially dropped or a grade of “F” will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Director of Doctor of Ministry program. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.
Satisfactory Academic Progress Policy

Full-Time Students:
Satisfactory academic progress toward a graduate degree as a full-time graduate student is obtained by completing eight or more credits per semester or 16 or more credits per academic year while maintaining a cumulative GPA of 3.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum satisfactory academic progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

Academic Standing

At the end of each semester, a student’s progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Warning

Doctor of Ministry students receive an academic warning when he/she earns a B- in a course. This notation is not recorded on the student’s academic transcript.

Academic Probation

When a student earns a second B- in a course, he/she will be placed on academic probation. The school will notify the student in writing. Academic probation will be recorded on the student’s permanent academic record.

A third grade of a B- will result in dismissal from the school.

Appeals

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
   a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
   b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
   c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.

2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.

3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain Academic
eligibility. If an F-1 student fails to maintain satisfactory academic progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 2.7, the student will be dismissed from the university and their I-20 will be terminated.

Student Tuition Recovery Fund
California law requires that, upon enrollment, fees be assessed in relation to the cost of tuition (Education Code Section 94343). These fees support the Student Tuition Recovery Fund (STRF), a special fund established by the California Legislature to reimburse those students who might otherwise experience financial loss as a result of an untimely school closure. Students may be reimbursed by STRF only for the prepaid, but unused tuition. Institutional participation is mandatory. It is important that enrollees keep a copy of any enrollment agreement, contract, or application in order to document enrollment; tuition receipts or canceled checks in order to document the total amount of tuition paid; and records which show the percentage of the course which has been completed. Such records substantiating a claim for reimbursement from the STRF, which to be considered, must be filed within one year following a school’s closure. Federal Financial Aid

The cost of higher education has increased significantly and paying for higher education is a challenge for many students. Many students are forced to rely on some outside help to pay for the rising costs of postsecondary education. Some students work while attending school, others seek educational loans. Federal Student Aid (FSA) is available for WMU students. World Mission University (WMU) is committed to helping students apply and receive FSA based on their eligibility.

The financial aid office at WMU will do its best to assist students in the application process for FSA, answer questions, and process all FSA in a professional and timely manner.

Requirements for Eligibility

Requirements for Eligibility are the following:

- The student must be a citizen or eligible non-citizen
- Have a high school diploma or GED
- Must be enrolling in an eligible educational program
- Working toward a degree or certificate
- Making satisfactory academic progress
- Must not be in default of a previous federal educational loan
- If a student already has a Baccalaureate degree he/she is not eligible to received Pell grants but educational loans are available
- A student who has a federal or state drug conviction can be disqualified for Federal Student Aid

Applying for Federal Student Aid

To apply for Title IV aid, a student submits a Free Application for Federal Student Aid (FAFSA). This is required for all students who wish to receive FSA. Through an established formula a student’s need is calculated based on an analysis of household and financial information from the FAFSA and determining the Expected Family Contribution (EFC).

Types of Aid

- Federal Pell Grants are need-based and do not need to be repaid.
- Federal Supplemental Education Opportunities Grant (FSEOG) and Federal Work Study (FWS) programs are a campus-based, federally funded employment program that provides paid jobs on campus or off campus for students who need such earnings to meet a portion of their educational expenses.
- Direct Loans must be repaid once the student graduates or withdraws from school.
- WMU also offers some limited scholarships to students based on need.

For more information regarding financial aid please contact the Financial Aid Office.

Return of Title IV Funds Policy

When a student who receives Federal Student Aid funds withdraws from the World Mission University prior to completing 60% of a payment period or period of enrollment (Fall, Spring Semesters), the student may be required to return a portion of his/her Federal Aid received.

A return is only required of those students who withdraw from school, who cease to be enrolled. A student who reduced his/her course load is considered a reduction and not a withdrawal. A Return calculation is not required for such students.

The calculation required determines a student’s earned and unearned Title IV aid based on the percentage of the enrollment period completed by the student. The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the enrollment period.

If the withdrawal date is after the 60% point in the payment period or period of enrollment, a student is considered to have earned 100% of the Title IV funds he or she was scheduled to receive during the
period. For such a student there are no unearned funds. WMU will still complete a Return calculation in order to determine whether the student is eligible for a post-withdrawal disbursement.

WMU must determine the student’s withdrawal date. The withdrawal date is defined as:

1. The date the student began the withdrawal process or officially notified WMU of his/her intent to withdraw; or

2. The last date of attendance at an academically-related activity by a student who does not notify WMU.

Based on the date of withdrawal, the financial aid office will determine the actual date of the student’s withdrawal and using the Return of Title IV form provided by the Department of Education, calculate the amount, if any, the student must return. The student will then be notified by mail of any amount of Federal Aid that they must return. In some cases both the school and the student may be required to return unused or unearned portions of Federal Aid to the Federal Title IV program.

Overpayments and Overawards

There are times when a student’s award package exceeds the student’s need. There may be circumstances that change a student’s award package after the aid has been awarded that result in an overpayment. For example a student may receive a scholarship or grant from an outside source or organization, or the student may want to extend his or her work-study employment. In case of overpayments or overawards the WMU financial aid office will need to make adjustments to the other federal student aid in the package.

Pell Grants are never adjusted to take into account other forms of aid. Therefore the adjustments will be made to the Stafford Loans and/or Campus-Based programs.

Students who owe funds due to overpayment or overaward will be required to make payment of those funds within 30 days of receiving a written notice from the Financial Aid office.

Student can send in the overpayment or overaward to WMU and the payment will be forwarded to the U.S. Department of Education. If a student is unable to pay their overpayment in full, they can set up a repayment plan with the U.S. Department of Education. Before doing this please contact the WMU Financial Aid Office. You will need to make sure we have referred your situation to the U.S. Department of Education before any repayment plan can be set up.

If the student whose overpayment case has been accepted by the Department of Education wishes to establish a repayment schedule, the student should contact Borrower Services by calling 1-800-621-3115 or writing to:

U.S. Department of Education
Borrower Services – Default Resolution
P.O. Box 5609
Greenville, Texas 75403

For examples of the Return of Title IV Funds calculations or questions regarding the overpayment policy, please contact the Financial Aid Office.

Student Life and Services

Standards of Conduct

It is assumed that each student who enrolls at WMU will be in accord with the school’s aims and will cooperate in furthering these purposes by adhering to the regulations governing student behavior (Philippians 3:17). WMU expects all of its students and employees to abide by the highest standards of moral and ethical behavior in harmony with its Christian philosophy and purposes (I Peter 1:15-16). WMU reserves the right to refuse admittance to or to suspend any person who violates these principles.

The Standards of Conduct attempt to stimulate not only intellectual growth, but also spiritual, ethical, and emotional growth. The WMU Standards of Conduct foster among students, faculty, and administrators a spirit of community. Furthermore, it creates a climate of mutual trust, respect, and interpersonal concern where openness and integrity prevail (Romans 12:10, I John 4:21, I Peter 2:17, Hebrews 13:16-17).
The Standards of Conduct emphasize the dignity of each individual in pursuing self-improvement and developing full personal potential (I Corinthians 10:24). It provides free competition and independent intellectual effort, without tolerating dishonesty, cheating, or plagiarism in any form. Each member of the WMU community is expected to adhere to and enforce the standards (Genesis 1:26-27, Romans 12:2, I Peter 1:15-16). A full statement of the WMU’s Standards of Conduct is included in the WMU College Student Handbook. It is the obligation of every student to be familiar with this standard.

Improper conduct for which students are subject to discipline includes dishonesty in any form. Furnishing false information to the school with prior knowledge, forgery, alterations, or misuse of any WMU documents are violations of this principle.

**Discipline**

A student violating any regulation of WMU intentionally and continuously will be disciplined.

Any student whose GPA is below 2.0 on the 4.0 scale will be placed on probation.

Any student whose moral conduct violates Christian principles will be disciplined. This includes, but is not limited to: cheating, plagiarism, drunkenness, sexual assault, physical violence, adultery, homosexual conduct, and stealing. Discipline will be administered through the Student Discipline Committee. There are four categories of discipline: warning, probation, suspension, and dismissal. Appropriate demonstration of Christian character is a requirement for graduation.

**Sexual Harassment**

The World Mission University is committed to providing a safe learning and working environment. In keeping with this commitment, the school prohibits unlawful harassment including sexual harassment by any of its employees, students, staff, faculty, or anyone conducting business on University premises. Sexual harassment is defined as any unwelcome or unsolicited attention of a sexual nature, including but not limited to verbal, physical, or visual contact. Any person who observes or is subject to an act of sexual harassment should report it immediately to the nearest faculty or staff member, who will notify the Dean of Students. Confidentiality is required in order to protect all parties involved. Appropriate disciplinary action will be taken for students, faculty members, or staff members accused of sexual harassment.

**Student Orientation**

WMU offers orientation each semester for new and continuing students to provide information on school life, policies, regulations, faculty, administration, and the surrounding community for the upcoming semester. Orientation is required of all new students.

**International Students**

The needs of students studying at WMU on an F-1 visa are unique and require additional attention to meet their needs. WMU recognizes that these students need more help than local students in adjusting to life at WMU and United States. The international student office is available to answer any questions international students may have.

The university does not operate dormitories. International students who need to find housing can search on local Korean websites for vacancies near the university.

**Student Fellowship**

Every student enrolled at World Mission University is a member of the Student Fellowship. The student activity fee funds student activities. The Student Fellowship seeks to stimulate prayer and community among students and organizes the semesterly mountain prayer meetings.

**Student Leadership**

Comprised of students elected annually by the student body, the Student Council promotes students’ interests and conducts activities which directly relate to student life. For example, the Student Council nominates students to serve on various faculty/student committees, presents the needs and desires of students to the school, and
organizes social events for fellowship during the school year.

Worship and Spiritual Life

Students at World Mission University enjoy a variety of opportunities to enhance their spiritual development. It is expected that all students will regularly attend and be involved in a local church.

World Mission University conducts Revival Meetings at the beginning of each semester. There are chapel services for students every Tuesday and Thursday on campus. Online chapel service is available for WMU students studying from distance. Students who want to register for online student chapel must contact the Distance Education Coordinator and register. Chapel services feature worship, as well as messages by members of the faculty and other Christian leaders. All students are expected to attend chapel. In addition, to assist in the spiritual nurturing of the student body, the Student Government Council arranges the Mountain Prayer Meeting during each semester.

The worship services and other spiritual nurture opportunities are intended to complement the instruction and spiritual growth students receive in the classroom.

Student Handbook

The students and staff of WMU have written a special handbook in which the specific requirements of student conduct have been detailed. This handbook also contains specific information on community resources, school procedures, student organizations, and student activities.

Counseling Services

Personal counseling services are available to interested graduate and undergraduate students without any fee. The Chief Academic Officer and faculty are ready to meet the needs of academic counseling. For psychological or adjustment issues, professional counseling services will be provided by appointment. The request form for counseling is obtainable in the main office. In the case of an emergency, a full-time faculty member or an administrator can be contacted. Although a preferred counseling center is not operated by the school, students are referred to outside professional counseling services when necessary.

Graduation and Employment

Those who minister at WMU feel they are stewards of the students God has entrusted to us to equip for His service. We have been proud of the dedication and hard work demonstrated by our students. Since our founding in 1989, we are grateful to have seen many students graduate from our bachelor and graduate programs. More impressive than the dedication to study demonstrated by our students has been their commitment to serve Jesus Christ after graduation. Many of our alumni are serving in ministry positions, serving overseas as missionaries, and/or are currently pursuing graduate studies.

Student’s Complaint Procedure

A student with complaints relating to a particular class, grade, or instructor should discuss them first with the instructor. If the complaint is not resolved satisfactorily, the student should then contact the Dean of Student Services. The Dean of Student Services will review the complaint with all parties concerned and investigate all documentation. Complaints will be determined unfounded and rejected or valid, at which time a settlement will be determined. The Dean of Student Services will write a decision within five days, notifying the student(s) by mail and a copy of the decision and complaint will be placed in the student’s academic file. The complaint will be logged on the University’s complaint record. The Dean of Student Services’ decision is considered final. Students have the right to contact:
